

Business Account Selector

At ACU we're committed to helping ensure your business chequing and savings accounts meet your needs.

Business entrepreneurs need more flexibility than ever, along with more innovative solutions than some big banks can provide.

Bring us your questions, your ideas and your challenges and we'll make sure you get the answers, services and outside-the-box thinking that will help your business succeed.

We're constantly innovating to make banking easier, so you can bank when, where and how you want.

Business services to complement your accounts

Merchant Services

The new way to get paid, with on-site terminals, mobile and e-commerce solutions. You'll benefit with faster checkouts, increased security and happier customers.

Customer Automated Funds Transfer (CAFT)

Pay and get paid faster, by automatically transferring payroll funds to employees digitally, and receiving funds owing directly from your customers' accounts. No cheques, no waiting.

Interac e-Transfers®

Send, request and receive money directly from your bank account to someone else's quickly, conveniently and securely. It's easier than cheques, safer than cash and costs less than a wire transfer.

Cheques

Whether you write a few cheques or many; we have a chequing account for your business, including community accounts for not-for-profits, and a U.S. business account if you deal in U.S. funds.

Statements

Your statement is a monthly summary of every financial transaction we processed through your account(s). Business members can view their eStatements through digital banking for added convenience.

U.S. and Foreign Exchange

Having local currency on hand makes it easy to pay for small purchases and expenses while travelling. ACU branches maintain a supply of U.S. currency; other currencies can be ordered in advance.

Wire Transfers

Sending and receiving funds by wire is a secure and recognized transfer protocol. Because of the unique nature of each country's processing system, please visit or call ACU for details.
